

MAHARASHTRA NATURAL GAS LIMITED

(A JOINT VENTURE OF GAIL & BPCL)

Health Safety & Environment Policy

We at MNGL are committed for the maintenance of safe working environment to all our employees, public associates and other stakeholders.

It is our policy to constantly assess the risk, thereby eliminating the same wherever possible or reduce the risk by usage of appropriate Engineering/Administrative Controls.

In delivering the commitments, MNGL shall endeavour to:

- Establish HSE Management System /Infrastructure and ensure continual improvements
- Comply with the requisite Legal (statutory) requirements and the other accepted norms
- Identify the risk involved in the operations and take the appropriate mitigation steps
- Ensure Contractors /Vendors to comply with the HSSE Management System
- Provide Awareness and Training to the employees and associated groups
- Ensure usage of the Personal Protective Equipments as per job specific requirement
- Install adequate Security arrangements for the safe guard of men and material
- Ensure efficient energy consumption
- Reduction of wastage and pollution
